Resolved.

19) The only typed copy of the Gradation list of Veterinary Inspectors received from the Director of Agriculture was sent for reference to the file re: confirmation of Mr. S.B. Vasudeva Rao, Special Poultry Officer, and this file is before the Minister, Finance & Revenue. In the meanwhile there is no copy of gradation list to refer and work up ~~in~~ this case. According to G.O.M. A.F. 2684-736-P&S. 80-39-13 D/16-11-'40 and ~~Sub~~ para-35(3) of the Manual of Genl. circulars and Standing Orders (1931) the gradation lists of all the officers should be printed once in two years and six printed copies of each of such lists be submitted to Govt. in the department concerned before the 1st. September. ~~to~~ So far no such lists has been received and great inconvenience is felt to work up a number of cases with one typed copy of the list. It is therefore for orders if the Director may be requested to send 6 printed copies as required by rules, as early as possible.

26) From a perusal of the copies of correspondence furnished by the Director of Agriculture it is seen that permission is sought for treating as regular recruits, such of the Brahmin candidates who were appointed in special vacancies, for want of qualified Backward Community candidates and who have been working for the last several years on temporary basis. Sanction is also sought for treating them as S.P.T in grade 50 & 5/2-90 when the vacancies admit of such arrangement and when the Inspectors are duly qualified by passing the Dept^l obligatory examinations. This proposal was made by the Director in the first instance on 2nd November 1938 for confirming the following five candidates of the 'A' list in the existing vacancies.

	A. List No.
1. Mr. N.S. Krishna Rao	5
2. Mr. A. Thippaiah	6
3. Mr. N.R. Ramaswamy Rao	8
4. Mr. S. Sheshagiri Rao	8(a)
5. Mr. A. Krishnaswamy	9

27) In the later correspondence it is stated that the name of Mr. N. S. Krishna Rao may be deleted from the Director's recommendation as he had been confirmed in the general vacancy. Hence the question of confirmation of the other candidates is to be considered.

"H"

"K"

"E"

vide Flags "C" & "F" Director recommends the confirmation of these candidates specially on the plea that the Backward Communities are not duly qualified by passing the departmental Obligatory Accounts Examination. From verification of the nomination list it is seen that none of the Backward Veterinary Inspectors working on the temporary basis are duly qualified by passing the obligatory Examination even now. The Public Service Commission may perhaps be consulted unofficially in the matter. Subs to for orders

Bun 24.4.43

28) As can be seen from the above notes the original file has been misplaced and therefrom copies of correspondence are obtained & This is worked up.

29) Reference is invited to the letter of the Dir dated 2nd Nov 38 & its enclosure containing his proposals for the confirmation of five 'A' list candidates recruited as Vety Insprs. It was stated that vacancies were available for confirming these 5 Insprs but that sanction of Govt was sought as this involved departure from the CRB rules. These arrangements were recommended in view of the fact that no non-brahmin candidates, duly qualified by passing

departmental records were available and that if the relation candidates were confirmed only temporary entries would be made (the original bill on the efficiency of service etc. of such men was not having so) There are no permanent vacancies of Vetkadis (Fishing) Reference is invited to page 24 of the Statement of the Director of Agriculture where details of these vacancies are given (Reference is invited to the letters dated 25.4.39 and 12.5.39 of the Director of Agriculture. Thus the Director of Agriculture has recommended the latest relaxation disturbance notes in pencil against the names of the candidates belonging to the backward communities who have been confirmed in this cadre. Thus there are the following candidates belonging to the backward communities requiring confirmation

1) Messrs S. Nanjundiah
2) Mr. Veerendra
3) Mr. Rajappa Naidu
4) Mr. Ramachandra
5) Mr. Madhavamurthy
6) Mr. Mallaraj

(The present nominee has passed the departmental exam (Accounts). In the case of Mr. Mallaraj, who is on war service now, orders

are under issue directing that he may be confirmed when his claim comes subject to his passing the exam. after his return from military service (vide linked file A.H. 209/41). The other five will have to qualify themselves by passing the exam. for being confirmed.

32) Of the five A class candidates proposed to be confirmed, Messrs N.S. Krishna Rao (2) A.H. Pottinis have been confirmed and their Sl. nos. are 81 & 87 in the latest gradation list. The cases of Messrs (1) M.R. Narasaiah Rao (2) B.S. Srinivasamurthy Rao (3) M.A. Krishnaswamy have to be considered now. It is not clear why the cases of Messrs A.V. Srinivasa Rao and R.D.S. Iyengar who have passed Accounts dr & who were promoted earlier than either Mr Narasaiah Rao or Mr Krishnaswami have been left out. This requires elucidation.

33) The point for orders is whether these officers approved from the A list may be confirmed against the existing vacancies now as qualified non-Brahmin candidates are not available for confirmation instead of waiting to be confirmed in suitable proportion as per CRB rules as when the non-Brahmin candidates qualify themselves by passing the exam.

R.O. No. 67/PSC 43-44
dt 15.4.1944

Returned with compliments.

48) The recommendation of the Director of Agriculture is to confirm the following five Brahmin candidates of the "A" list who were appointed against special vacancies for want of qualified candidates belonging to Backward Communities:-

1. Mr.N.S.Krishna Rao
2. Mr.A.H.Pothnis
3. Mr.M.R.Nanaswamy Rao
4. Mr.B.S.Srinivasamurthy
5. Mr.M.A.Krishnaswamy

It is seen that in proportion of 3 special to 1 general vacancies, Sl. Nos. 1 and 2 have been shifted to regular general vacancies and also confirmed as Veterinary Inspectors. The contention of the Director is that it does not seem suitable to keep on the "A" list candidates on a temporary basis indefinitely for a number of years in the expectation of getting the "B" list candidates. The above "A" list candidates were appointed against special vacancies purely as an interim measure under the special direction conveyed in the letter dated 10th August 1937 from the Secretary, Central Recruitment Board. In the ordinary course they should have waited for their regular appointment in classified general vacancies according to their rank in the "A" list. Under the rules, the probationary period begins from the date a candidate is formally and regularly recruited; and accordingly these candidates can be treated as regular recruits only from the time they got their turn for appointment in general vacancies and the interim period of service rendered by them prior to such formal appointment should not count towards the period of probation and for purposes of continuance and confirmation as well. It is, therefore, not justifiable to take into account the interim appointment against special vacancies for purposes of confirmation. Even the letter dated 10th August 1937 from the Secretary, Central Recruitment Board, does not contemplate such a

procedure. It is seen that M.R.Nanaswamy Rao could have also been taken to another general vacancy if Mr.L.B.Padki had not been confirmed under the special orders of Government. Besides, from the perusal of the gradation list, it is seen that there are six Backward Community candidates who are senior to these brahmin candidates but have not yet been confirmed for not having passed the Accounts Higher examination. It is not known whether they have made any attempt to pass the examination. There are 120 posts of Veterinary Inspectors (excluding those of Veterinary dispensaries to be newly opened) out of which 73 are held by permanent Veterinary Inspectors. Out of the remaining 47 posts, 7 are held by candidates belonging to Backward Communities and the rest by brahmins. If the brahmin candidates under reference are confirmed, cases of other brahmin candidates working in special vacancies as an interim arrangement are likely to crop up for similar concession. The result will be that these brahmin candidates will continuously supersede their senior Backward Community candidates so much so the percentage of Backward Communities in the cadre of Veterinary Inspectors, which has already shown a sign of decline, will become still worse with the result that one community shall dominate the cadre.

49) According to the letter dated 22nd August 1938 from the Superintendent, V.V.D. to the Director of Agriculture, two non-Brahmin candidates who were studying in different Veterinary Colleges should have qualified themselves in 1939 and 1940, respectively, and the three scholars sent

Serial No.

for B.V.Sc. in 1943. It is not known whether all of them have qualified themselves, and if so, whether they have been appointed by displacing Brahmin candidates employed under the interim arrangements. If it is in the affirmative, these Backward Community candidates also will have to be confirmed in preference to Brahmin candidates appointed in special vacancies as an interim arrangement.

50) As the present proposal of the Director is opposed to the fundamental rules of recruitment, it is not desirable to confirm these candidates in the existing vacancies in supersession of their senior Backward Community candidates. There is however no objection to their being shifted to the regular general vacancies in the order of preference in the "A" list and dealt with under the rules as has been done in the case of Messrs. N.S.Krishna Rao and A.H.Pothnis. I also suggest that the Backward Community candidates may be warned that if they fail to qualify themselves by passing the departmental examination within one year, their claims for confirmation will be passed over.

51) In this connection, I would like to mention that, as stated above, the communal proportion has not been properly maintained, the reason alleged therefor being that sufficient number of Backward Community candidates are not readily available.

But, if necessary early action had been taken to grant more Veterinary Scholarships to the non-Brahmin candidates on the basis of the forecasts of special vacancies that would have occurred in the cadre, the position of the Backward Communities would not have deteriorated. It is seen from the budget estimates for 1943-44 that provision had been made only for two Scholarships. In my opinion, this was hardly sufficient even to meet the minimum requirement. As more veterinary dispensaries shall be opened every year, the demand for Veterinary Inspectors is sure to increase. May I venture to suggest therefore ~~the Government should~~ that atleast now, ~~the Government grant~~ more scholarships to Backward Community students are awarded ~~annually to enable them~~ to undergo veterinary training on the basis of the forecasts of special vacancies that are likely to occur in the cadre. Further, in view of the abnormal rise in the cost of living, etc., it appears desirable to enhance the present rate of scholarship so that sufficient number of students may be attracted to undergo the veterinary training. May I also suggest that applications from qualified students for the grant of scholarships may, in future be invited through the Public Service Commissioner?

54) The question of granting more Veterinary scholarships to the non-brahmin Candidates on the basis of the forecasts of special vacancies that would have occurred in the cadre as noted in para 51 of the notes, has already been considered by the Govt. Six scholarships four for B.V.M.Sc and two for B.V.Sc. Courses of the Madras Vety College have been sanctioned in order to fill up the vacancies that may arise in future. 28-8-44

56) The point at issue in this case, namely, the confirmation of the five 'A' class candidates named by the Director, was raised on long ago on 2.11.38. by the Director in his letter dated quoted date, enclosing a report from the Superintendent of Veterinary Services to the same effect. The matter seems to have been mere correspondence until 1940 and when the Director reminded the Govt in 1942 about the subject, it was found that the file had been misplaced. Copies of the various communications

from and to the Office of the Director of Agriculture were therefore obtained and the file has been worked up.

57) The recommendation of the Director has been, as can be gathered from the various communications received from him and the letters dated 2.10.42 and 6/7-8-42 in particular, that the five candidates referred to by him (messrs. N.S. Krishnarao, A.K. Pothiris, M.A. Narayanarao, B.S. Govindarajulu and M.A. Krishnaswamy) who were appointed in special vacancies for want of qualified Backward Community candidates and who have been working for about several years on a temporary basis, may be confirmed in permanent vacancies. In making this recommendation, the Director has pointed out that sufficient number of vacancies have been and will always be kept ready for absorbing candidates of the Backward Community and that the interests of the latter are not likely to be affected by adversely by treating the above-mentioned five candidates as regular recruits. It is also urged that these five officials have been continuing on the minimum pay of Rs. 50/- in the scale 50-5/2-90 without any increments, although the vacancies in which they are working admit of ~~spot~~ arrangements

that this stagnation has resulted in great hardship to them and might well result in a certain lack of enthusiasm.

58) Two of these five officials, Messrs. N.S. Krishnan and R.K. Pattanis, are since stated to have been confirmed and it is only the case of the other three that need be considered now. It is made seen from the gradation list that they have been working in the Department since 1.6.29 (?), 7.5.38 and 13.7.39 respectively, on a present pay of Rs. 55/-, (Rs. 75) (Rs. 57, according to latest information) and Rs. 57/-, respectively. It is made out also that the Backward Community candidates who are at present senior to these officials and have still been acting as veterinary inspectors have not qualified themselves for confirmation by passing the Accounts Examination.

59) The contention of the Public Service Commission (with his unofficial note) is that the above candidates were appointed against special vacancies purely as an interim measure, that in the ordinary course they would have had to wait and take their chance in the 'A' list, and that until their turn came and they were formally appointed as recruits, the interim period during which they

have serves should not cannot ~~for their purpose of~~ towards the period of 116

probation and for purposes of continuance and confirmation. The PSC further points out that the proposal of the Director is opposed to Rules of Recruitment, and that it is not desirable to continue these candidates in supervision of the Senior Backward Community Candidates. In regard to this, it may ~~perhaps~~ be submitted that the grounds on which the B.C. candidates above these in question are proposed to be superseded are entirely these based on their not having qualified themselves, and the Director has ~~been~~ further clearly indicated ~~that~~ sufficient number of vacancies will always be kept ready not only for these now ~~to~~ working on temporary terms but for those who have been awarded scholarships for study and are proposed to be absorbed in the department.

60) In these circumstances, and in view of the fact that the officials have been working on a temporary basis from a long time, the proposal of the Director is for consideration and orders.

72) Regarding the availability of general vacancies in the Dept, ~~it is stated~~ clear information as to the number of A class vacancies is not mentioned. But however he states that there are 26 candidates of the "A" list now working temporarily and on classification of these 26 vacancies, 6 vacancies would be general in proportion of 3:1 and that 7 vacancies in the Dept which are unfilled for want of Vety Inspectors either from the "A" or "B" list.

76 There are some N.B. Veterinary Inspectors senior to them but they have not qualified themselves and the Dr. has reported that the details of the attempts made by these officers to pass the obligatory Accts Exam are not forthcoming.

1059

77 Two N.B. Candidates Messrs Doddanangiah & Syed Mohiyuddeen who had been deputed to Madras for study in the Veterinary College. ~~are~~ reported to have been fixed up in permanent vacancies and their confirmation will not be affected after they pass the Dep. ~~Obl~~ obligatory Exams.

78 The Dr has reported that there are 26 Candidates of the "A" list working tentatively and on classification 6 vacancies have to be treated "general" in the proportion of 3 special to 1 general vacancy. He has further reported that there are 7 vacancies unfilled on account of the non availability of candidates even from "A" or "B" list

Thus there is a dearth of Veterinary Inspectors and as sufficient vacancies are available the confirmation of the three Veterinary Inspectors (Messrs Narayanaswamy Srinivasa Murthy & Krishnaswamy) may in fairness be conceded. Even after confirming them there will still be vacancies available for confirming the senior N.B. Veterinary Inspectors who have not yet qualified themselves

80 The present proposal is to confirm 3 Brahmin Veterinary Inspectors in the existing vacancies, in preference to their seniors & who are also Backward Community candidates, on the ground that the non-Brahmin Veterinary Inspectors have not qualified themselves by passing the obligatory Accounts examination.

81 Information on the following points may in the first instance be obtained to enable R&P Section to note on the recruitment point of view of the question:

1) Age & length of service of the senior non-Brahmin officials
2) The details of the attempts made by these officials to pass the obligatory test. If information is not available in the office of the Dir of Agri, it may kindly be obtained from the Backward Community candidates concerned.

V.D. 25.2.45

82 Full and correct information has not been furnished regarding particulars referred to in paras 61, 62 and 63 of the note. Subsequently it is stated by the Director of Agriculture that details of attempts made by the candidates concerned to pass the Accounts examination also not forthcoming. Why they are not available has not been explained. The candidates concerned should

94) The question of confirmation of A list candidates is pending from 1942. Certain information was called for from the Director of Agriculture in 1945. This has not been received so far.

95) During recent revision of scales of pay of Veg. Inspectors, the Director of Agriculture recommended that the existing 31 temporary Veg. Inspectors may be either confirmed or treated as S.P.T. enabling them to earn their increments. (vide final Note of the Minister for Agriculture). On this point no orders were passed but the grade of Veg. Inspectors was revised to Rs 60-5-150. (vide G.O. No A. 7 2417-19 A.H 107-44-4 of 13.11.45)

96) The Supdt. V.A.H. Services now reports that some Veg. Inspectors are resigning and such resignations have become frequent. He therefore recommends that the existing 33 temporary Veg. Meanwhile the temporary Inspectors or some of them are thinking of leaving the service to secure permanent appointments elsewhere. Many of them have already resigned their appointments & their resignations have been accepted. The Subject in his letter of 12.5.46 has stressed the need for encouraging these temporary men to continue in their posts by enabling them S.A.O. and so enabling them to earn their increments. There seems to be no other way of the Subject which has probably been accepted by the Department viz. to lose the services of qualified & trained men. 114) Kind attention is invited to the Superintendent's letter of 12th May 1946 in which he points out that there are 33 temporary Veterinary Inspectors who have not been confirmed or even made S-P-T. to enable them to earn their increments. Of these 23 are Brahmins of whom 17 who have passed the obligatory Accounts Examination are qualified for confirmation. The rest have not passed this examination yet; five candidates of backward communities, too, have not passed the accounts examination. All the 33 Inspectors have been continuing on a temporary or acting basis for varying periods and have been stagnating on the same pay.

115) The Superintendent points out that these acting Inspectors are feeling nervous about their future, that some of them have already resigned their appointments to take up service elsewhere and that others may soon follow, specially in view of the post-war development of animal husbandry services all over India, there is a keen demand for the services of qualified Veterinarians from other States and Provinces which are offering them lucrative pay and prospects. He suggests, therefore, that it is very necessary to do something immediately to encourage these trained temporary Inspectors to continue in the State Service and that in this view all the present temporary Veterinary Inspectors may be treated as S-P-T. to enable them to get increments in their grade. This proposal was considered at the time of revision of the scales of pay of Veterinary Inspectors and was also referred to in the Minister's Final Note (Para 1) but no definite orders were passed. In view of the strong representation made by the Superintendent, the question of making the acting and temporary Veterinary Inspectors, S-P-T., may now be taken into consideration and orders passed. It may be added that the acceptance of the Superintendent's proposal will not affect the chances of appointment of the 25 students (including 21 B.C.

116) Para 8 / 23/8

I am of opinion that all the temporary employees who have qualified themselves by passing the requisite examination may be confirmed in existing vacancies, & if necessary the strength of the permanent cadre may also be raised accordingly to the present conditions. The question of recruitment does not appear to arise as there is not a single N.B qualified candidate available who is not already provided for as permitted and also even the pulse of the candidates under training will not be affected as there will be sufficient number of vacancies available to them.

It is extremely demoralising for the V. Js to continue over prescribed time & not knowing of what their future is going to be. It is not fair to them, nor can we get the best out of them under such conditions.

NOTE—Contn. Sheet

Kind reference is invited, in this connection, to my U.O. Note No. 67/43-44 P.S.C. dated 15th April 1944 wherein this question has been dealt with at great length and reasons have been stated for rejecting even the original proposal to confirm five qualified officials. The present proposal as modified by the General Secretary is in a more aggravated form and has wider scope and implications; and no fresh reasons have been set forth for reconsidering my previous opinion.

It may be noted in this connection that for want of qualified Backward Community candidates all the special vacancies were allowed to be filled up by Brahmin candidates but only as an interim measure. This is just the reason why these Veterinary Inspectors have been kept on as "temporary" for such a long period. In so far as the present proposal amounts to the utilisation of special vacancies for confirmation of Brahmin candidates, it involves a violation of the Rules of Recruitment; and it would not be correct, therefore, to state that no question of recruitment arises in this case.

I should also like to advert to another aspect of the question. As stated by the Superintendent twenty one candidates belonging to Backward Communities have been deputed by Government to receive training in various parts of India; and there are five Backward Community officials already working in the department. 26 special vacancies are thus required for absorption of the above candidates; but there are at present only seventeen permanent unclassified vacancies. Even including the nine prospective vacancies that might occur within a period of five years to come as stated by the Superintendent we shall have six general and only twenty special vacancies as against twenty six

Backward Community candidates. In these circumstances I feel unable to support the proposal.

I fully realise the evil effects of discontentment of officials resulting from their stagnation. The only reasonable method that I could think of to mitigate the present hardship is to classify the present vacancies into 4 general and 13 special vacancies and to treat against the general vacancies, such of the Brahmin qualified officials as have been appointed regularly from the approved "A" list as S.P.T. so that they may earn their increments. Regarding the special vacancies, I suggest that the rules may be relaxed so as to treat Backward Community officials as S.P.T. giving them time to pass the departmental tests. The question of confirmation may be taken up later when candidates who have been deputed for training return and are regularly appointed. If this method is not adopted I am afraid the disparate communal representation that is now obtaining in the department would be very much enhanced and shall have undesirable effects on the prospects of Backward Community officials.

Public Service Commissioner.

U.O. File No.Est.100/45-46, dated, Bangalore, 7-2-1947.

RETRANSMITTED WITH COMPLIMENTS:

The Public Service Commissioner in his Note 51 dated 2-1-47 states that the confirmation of Brahmin candidates appointed provisionally in Special -- vacancies for want of Backward Community candidates, while still 5 Non-brahmin Candidates are awaiting their confirmation, is a violation of recruitment rules. The 5 Backward Community candidates in question, have not been confirmed as they have not passed the departmental obligatory examination. His contention is that if in case Brahmin candidates are confirmed, those men will be superseding the above 5 Backward Community candidates. The Public Service Commissioner therefore suggests that the rules may be relaxed to the extent that Backward community candidates may be treated as Sub-pro-tem giving them time to pass the departmental test and (2) with regard to Brahmin candidates to treat against 4 General vacancies, such of the Brahmin qualified officials as have been appointed regularly from the approved (A) list, as S.P.T. so that they may earn their increments.

In this connection I invite kind reference to G.O.No.5009-108/CRB.4-36-6 dated 13th Feb.1937 laying down instructions re: the different tenures of appointments that may be held by Probationers appointed from the list, and in the light of these instructions, there appears to be no necessity to relax the rules to treat the Backward community

community candidates as S.P.T. as suggested by the Public Service Commissioner, as there is provision in the existing rules itself to make S.P.T. arrangements.

To obviate the necessity of placing Backward community candidates in an embarrassing position, I recommend that all the 5 Backward community candidates, Viz., M/s B.C. Nanjundiah, M.K. Veerendra, D.C. Mahadeviah, D. Rudriah and Syed Mohamed, may be confirmed as a special case in existing vacancies, subject to their earning their increments in the grade, only after they pass the departmental test, which will enable the other question of Brahmin candidates being considered favourably. This concession has since been granted in the case of Mr. M.K. Veerendra - vide G.O. No.A.F.4397-8/A.A.87-46-2 dated 28-1-47. If this is done, there will not be any Backward community candidates waiting for confirmation.

Further, as already reported in detail in my No.A.H./Cl.683/44-45 dated 7-3-45 when I was Special Officer of Animal Husbandry, there will be at least 49 vacancies occurring in the next five years, on account of the already existing vacancies and those that would occur in the next five years as a result of retirements, as also the implementing of the large number of Post-war Development Schemes that have been sanctioned. It is also envisaged to post Veterinary Inspectors in charge of the Hobli Vety. Dispensaries now being opened, when Veterinary graduates are available, in which case there will be 105 more vacancies within a course of 5 years. So all the Backward community candidates who are now under-

going training in the Veterinary Colleges and likely to be deputed during the next 5 years will be absorbed. There are only 16 Backward community candidates now continuing their studies in the several Indian Veterinary Colleges out of 26 candidates sent, 6 having since discontinued and 4 candidates being Brahmins. So by the confirmation of Brahmin candidates now, the recruitment position of Backward community candidates will not at all be prejudiced and their absorption in coming years is assured.

In view of the above, I suggest that, in the available 12 permanent vacancies (apart from the confirmation of 5 Backward community Veterinary Inspectors mentioned above), such of those "A" Class candidates who have passed the departmental obligatory examination as noted in the margin* may be confirmed as per list enclosed to this office letter No.Est.100/45-46 dated 3-9-46. It will be jeopardising the interests of not only these men but also the department, if all these men have to continue to work as heretofore on uncertain security of tenures, in spite of -- having already put in 8 to 12 years of service.

*

"A" list candidates to be confirmed.

Messrs:

1. M.R. Nanaswamy Rao,
2. B.S. Srinivasamurthy,
3. M.A. Krishnaswamy,
4. K.T. Venkatachar,
5. A.V. Srinivasa Rao,
6. R.D.S. Iyengar.
7. K.S. Ramaswamy.

9. K.N. Gopala Iyengar.
10. A. Sundaramurthy.
11. D.R. Bapu Rao,
12. T.S. Nagaraja Rao.

If relief is not provided to these men as recommended above, I have good reasons to believe that these men may think of seeking their fortunes in other Governments, as in view of the

the launching of Post-war developmental schemes by all Provincial and State Governments, there has been a rapidly pressing need for qualified Veterinarians all over the country and for obvious reasons those that have served in Mysore State are particularly in greater demand. Should this be allowed to happen, I am afraid the position that has already arisen as a result of dearth of qualified Veterinarians in the State, will worsen the situation, to the detriment of the several post-war schemes that have already been taken up and those that are yet to be implemented by this Department. The question has also been discussed by the General Secretary to Government in this U.O.File - Para 116 dated 23-9-46 and I fully concur with his views in this regard.

The "A" Class candidates, Viz., Messrs. (1) K.N. Murthy and (2) S. Achuta Rao who have passed the Accounts examination and who cannot get permanent vacancies for confirmation, may be treated as S.P.T. so that they may earn their increments.

From the file, it is seen that there are 17 permanent vacancies in the cadre of Veterinary Inspectors. The proposal now is to confirm 5 Backward Community and 12 Brahmin Candidates in these vacancies. These vacancies are unclassified. For want of qualified Backward Community Candidates, the special vacancies were allowed to be filled up by Brahmin Candidates as an interim measure. If the special vacancies are allowed to be utilised for confirmation of Brahmin Candidates, it amounts to a violation of the Rules of Recruitment. 16 Backward Community Candidates are reported ~~to have been deputed~~ to be receiving training in several parts of India. The question of confirmation of certain candidates in the existing vacancies, may perhaps wait till their return. Approval of Revenue Minister seems to be necessary in this case.

Agri

Sir,

With reference to your letter No.A.F.1345/A.H. dated 21st August 1942 calling for copies of correspondence regarding confirmation of "A" list of candidates of Veterinary Inspectors from the beginning up to the date of issue of your office letter No.A.F.2045/A.H.64-38-15 dated 12th October 1940, I have the honour to enclose herein copies of the correspondence together with a copy of the gradation list of Veterinary Inspectors, and to request that approval of Government may kindly be obtained for treating as regular recruits, such of those Brahmin candidates who were appointed in special vacancies for want of qualified Backward Community candidates and who have been working for the last several years on temporary basis. I may also state that sufficient number of vacancies will always be kept ready for the Mysore students of Backward Communities who are now studying in the Veterinary Colleges either on stipends or on loan, and, as such, the interests of Backward Community candidates will not suffer by treating these Brahmin candidates as regular recruits.

In this connection I may also state that as these candidates are being continued on temporary basis, they have been still drawing the minimum pay of Rs.50/- in grade 50-5/2-90, although they have put in a number of years of service and the vacancies admit of s.p.t. arrangements; and this stagnation has resulted in great hardship to them. I therefore request the favour of approval of

P.T.O.

Government for treating them as s.p.t. in grade 50-5/2-90- when the vacancies admit of such arrangements and the Inspectors are duly qualified by passing the Departmental obligatory examination (Accounts).

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

HSV.

Copy of letter No.C.661-Estt.167/38-39 dated 2nd November 1938, from the Director of Agriculture in Mysore, Bangalore, to the Secretary to Government of Mysore, Development Department, Bangalore.

I have the honour to forward copy of letter No.Est.40-95/36-37 dated 22-8-38 from the Superintendent Civil Veterinary Department, submitting proposal to confirm the five candidates of the 'A' list in the existing vacancies, under the circumstances stated by him.

The proposal tends to the maintenance of efficiency of work while it does not operate as hardship on the candidates of Backward Communities. It does not seem suitable to keep on 'A' list candidates on temporary basis indefinitely for a number of years in expectation of getting 'B' list candidates which, as it is, is not likely for some years to come. I request you therefore to kindly obtain sanction of Government in the matter.

Director of Agriculture.

149

Copy of letter No.Est.40-95/36-37 dated 22nd August 1938 from the Superintendent, Mysore Civil Veterinary Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

I have the honour to invite kind reference to Government Order No.D.9430-32/C.V.44-37-4 dated 21st June 1938, communicated with your Memo No.Roc.1769-Budget 15/37-38 dated 24th June 1938, wherein among others, it is stated that arrangements involving departure from the Central Recruitment Board Rules in filling up vacancies of Veterinary Inspectors may be reported to Government for sanction.

The only departure made from the Central Recruitment Board Rules tentatively at present is the interim appointments from the 'A' list, for want of duly qualified non-Brahmins, and this is governed by Government Order No.971/C.R.B. dated 10th August 1937. The gravest disadvantage for any one to accept these jobs under the conditions stated in the Government Order, is the insecurity of the appointment fortever, - if and when non-Brahmin candidates become available for the posts - and so the candidates that are appointed under this Order, have the constant fear of being sent home at any time later and this kind of suspense in them does not tend to efficient service. The only non-Brahmin qualified candidate available, Mr.D.Rudriya, has been provided with employment soon after he qualified himself, though his name does not still appear in the Central Recruitment Board list.

There are only 2 non-Brahmin candidates other than the three scholars sent for B.V.Sc. Course this year, studying in different Veterinary Colleges at present, and if they continue to study satisfactorily, it is likely that one would qualify himself in April 1939 and the other in April 1940. The B.V.Sc. candidates are expected to return duly qualified only in 1943. There are at present 5 long standing vacancies and before these non-Brahmins return duly qualified, there will be 8 or 10 more vacancies occurring in the Department - by the retirement of several senior officers and by the opening of new institutions and there will be absolutely no fear at any time for all the non-Brahmins to be provided with permanent vacancies, by the time they qualify themselves and return. It is very necessary therefore that men from the 'A' list should also be provided with the existing vacancies in the order in which they are placed in the list, on a permanent footing, without having the pain later, of being discharged and their cases considered as though they were appointed in the regular course of Recruitment with all benefits of probationary period, etc.

I append herewith a statement of such appointments and earnestly request you to kindly move Government to accord their sanction in this behalf. Almost every one of these men has higher basic training -Nos.1,3 and 4 being also graduates in Arts or Science and several of them were Mysore Scholarship holders while at professional Colleges. They have all earned professional experience also outside Mysore and would be quite suitable for the work of this Department.

No.	Name	'A' list No.	Vacancy
1.	Mr.N.S.Krishna Rao	5	Vice Mr.M.K.Veerendra, o.o.d. the Palace Stables.
2.	" A.H.Pothnis	6	Vice Mr.M.Srinivasa Murthy, o.o.d. Johne's Disease Investigation.
3.	" M.R.Nanasamy Rao	8	Vice Poultry Breeding, Hebbal, Live-Stock Section.
4.	" B.S.Srinivasamurthy	8(a)	Vice Poultry Disease Investigation.
5.	" M.A.Krishnaswamy	9	Vice post sanctioned for Marketing Section.

Director of Agriculture.

Copy of letter No.D.4586/A.H.64-38-2 dated 24th November 1938 from the Secretary to Government, Development Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

With reference to your letter No.C.661-Estt.167/38-39 dated 2nd November 1938 regarding the confirmation of five candidates of the 'A' list as Veterinary Inspectors in the existing vacancies I am directed to observe that the vacancies pointed out in letter No.Est.40-95/36-37 dated 22nd August 1939 from the Superintendent, Civil Veterinary Department, to you, do not admit of any permanent arrangements being made and to request you to furnish information on the following points:-

(1) How could the five Veterinary Inspectors in question be confirmed in such vacancies;

(2) When was each of them appointed and from what date has each of the vacancies occurred and how long is it expected to continue?

(3) It was stated in your letter No.R.O.C.1769/Budget 15/37-38 dated 12th May 1938 that 14 non-Brahmin Veterinary Inspectors are acting in permanent vacancies and six more in temporary vacancies. Have all of them been confirmed, and if so, when? How long have they been acting and if they have not been confirmed as yet, what is the reason for the same?

Director of Agriculture.

Copy of letter No.Est.530-33/38-39 dated 26th January 1939 from the Director of Agriculture in Mysore, Bangalore, to the Secretary to Government of Mysore, Development Department, Bangalore.

Subject: Continuing the five candidates of 'A' list on permanent basis as Veterinary Inspectors.

With reference to your letter No.D.4586/A.H.64-38-2 dated 24-11-1938 calling for certain information re: the above subject, I have the honour to state that what is wanted in the letter of the Superintendent, Civil Veterinary Department, is that the 'A' list candidates who are being appointed temporarily as Veterinary Inspectors for want of Backward Community Veterinary Graduates as per Government letter No.971/CRB.dated 10-8-1937, may be considered to have been provided with the existing long-standing vacancies in the order in which they are placed in the list without having the consequential effect of being displaced by the future entrants of Backward Community candidates and their case may be considered as though they were appointed in the recular course of recruitment with all benefits of probationary periods,etc., - otherwise the 'A' list candidates who are appointed tentatively will evince no interest in the work as they will be under the constant fear of being discharged later when a qualified Backward Community candidate is available.

By the above proposal, the interest of the 'B' list candidates would not suffer as there will be sufficient

P.T.O.

152

number of appointments ready for them by the time the five students of the Backward Communities studying in the different Colleges return.

As this proposal would tend to the efficient discharge of the Departmental work, I request you to kindly obtain orders of Government in the matter. I may also add that sufficient number of vacancies will always be kept ready for the Mysore students of Backward Communities who are now studying in the Veterinary Colleges either on stipends or on loan.

Director of Agriculture.

Copy of letter No.D.7782/A.H.68-38-4 dated 21/27th February 1939 from the Secretary to Government of Mysore, Development Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

Subject: Continuance of the five candidates of 'A' list on permanent basis as Veterinary Inspectors.

With reference to correspondence ending with your letter No.Est.530-33/38-39 dated 26th January 1939 on the above subject, I am directed to request you to send a copy of the latest gradation list of Veterinary Inspectors, Civil Veterinary Department (both permanent and temporary) in the order of their appointment.

Director of Agriculture.

Copy of letter No.Est.530-33/38-39 dated 16th March 1939 from the Director of Agriculture in Mysore, Bangalore, to the Secretary to Government, Development Department, Bangalore.

With reference to your letter No.D.7782/A.H.64-38-4 dated 21/27th February 1939, I have the honour to enclose herewith a copy of the latest gradation list of Veterinary Inspectors, Civil Veterinary Department (both permanent and temporary) as desired therein.

Director of Agriculture.

Copy of letter No. D.8629/A.H.64-38-6 dated 5/6th April 1939 from the Secretary to Government of Mysore, Development Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

Subject:- Continuance of the five candidates of 'A' list on permanent basis as Veterinary Inspectors.

With reference to correspondence ending with your letter No.Est.530-33/38-39 dated 16th March 1939 on the above subject, I am directed to invite reference to your letter No.Roc.1769-Budget 15/37-38, dated 12th May 1938 stating that 14 non-Brahmin candidates are acting in permanent vacancies and 6 in temporary vacancies and to request you to send a list giving their names. I am also to enquire why the names of the six non-Brahmin Veterinary Inspectors referred to above and of Messrs. M.R.Nanaswamy Rao and M.A.Krishnaswamy are not included in the latest gradation list sent with the letter under reference.

Director of Agriculture.

Copy of letter No.Estt.530-33/38-39 dated 28th April 1939 from the Director of Agriculture in Mysore, Bangalore, to the Development Secretary to Government of Mysore, Bangalore.

Subject: Continuance of the five candidates of 'A' list on permanent basis as Veterinary Inspectors.

With reference to your letter No.D.8629/A.H. 64-38-6 dated 6th April 1939 calling for certain information regarding the above, I have the honour to note in the*margin the names of the twenty Veterinary Inspectors referred to. The six Backward Community candidates have also been included in the latest gradation list, vide page 3 - candidates bearing Sl.Nos 9 to 14.

The names of Messrs.M.R.Nanasami Rao and M.A.Krishnasamy were not shown in the gradation list, referred to above, as they are not employed in the Department as yet.

Copy of letter No.D.10716/A.H.64-38-8 dated 21/23rd June 1939, from the Secretary to Government, Development Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

Subject: Continuance of five candidates of 'A' list on permanent basis as Veterinary Inspectors.

With reference to correspondence ending with your letter No.Est.530-33/38-39 dated 28th April 1939 on the above subject, I am directed to enquire why the 8 non-brahmin Veterinary Inspectors (Sls.1 to 8 "Temporary" page 3 of the gradation list) have not yet been confirmed although there are permanent vacancies.

I am also to point out that, in addition to the five candidates referred to above, there are eight more of the 'A' list who have been appointed as Veterinary Inspectors and whose names have been included in the gradation list (Sls. 2-5 Interim appointments" and Sls.1-4 "outside the approved list", page 3 of the list) and to enquire whether Government sanction has been obtained in these cases for entertaining them which also involve a departure from the Central Recruitment Board Rules, and if not, to request you to submit a report in the matter so that they may be taken up along with the question now under consideration.

Director of Agriculture.

Copy of letter No.Est.530-33/38-39 dated 29th July 1939, from the Director of Agriculture in Mysore, Bangalore, to P.H.Krishna Rao, Esq.,M.A., Secretary to the Government of H.H. the Maharaja of Mysore, Development Department, Bangalore.

Subject: Continuance of five dandidates of 'A' list on permanent basis as Veterinary Inspectors. ----

Adverting to your letter No.D.10716/A.H.64-38-8 dated 21st/23rd June 1939 enquiring as to why the 8 temporary Veterinary Inspectors of backward community have not been confirmed so far, I have the honour to state that the above temporary Veterinary Inspectors have not passed the obligatory Accounts Examination and as such they could not be confirmed.

As regards the entertainment of 'A'list candidates as well as men from outside the list, in addition to the five candidates of the same list, under reference, I have to state that these appointments were made in consonance with the instructions conveyed in letter No.971/C.R.B. dated 10-8-1937. I may also state that the services of four candidates who were appointed from outside the list have been terminated due to the cessation of the vacancies.

Director of Agriculture.

In intiting your kind reference to this office letter of even number dated 2nd October 1942 re: confirmations of certain Brahmin candidates who were appointed against "special" vacancies, for want of qualified Backward Community candidates, I have the honour to state that some of the Veterinary Inspectors who have put in several years of service and are also duly qualified for confirmations, are being still continued on temporary basis, on the minimum pay of Rs.50/- in grade 50-5/2-90/-, without any increase in their pay, although the vacancies in which they are working admit of confirmations and s.p.t. arrangements. It is perhaps needless to state that this stagnation has resulted in very great hardship to them and it will also naturally damp their enthusiasm. I therefore request you to kindly obtain early approval of Government for treating these candidates as regular recruits for purposes of confirmations s.p.t. arrangements, etc., so as to enable them to count service and to draw increments in the grade 50-5/2-90/- in consideration of their long service and the good work they have been doing in the department. In this connection I may also state that when qualified Backward Community candidates become available, the necessary vacancies will be readily made available for their absorption as already stated in this office letter of even number dated 2nd Oct., 1942 so that the interests of Backward Community candidates may not suffer by treating these Brahmin candidates as regular recruits.

P.T.O.

I request the favour of early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Mr. Mallaraj Urs Serial number 28 "B" list has been confirmed as per letter No. Pol 2466 dated 4th June 1943 from the ~~Secretary~~ General Secretary to Government as he is on war service in the British Military Department.

(2) The present classification of vacancies of Veterinary Inspectors into special and general is formal and tentative. It is in accordance with the fundamental rules of recruitment and it is to find out how many special and how many general vacancies have occurred in the unit. It is subject to modification and reclassification when candidates of Backward community become available. The juniors in the "A" list have not been continued in regular general vacancies in preference to their seniors who are continued in special vacancies. In proportion to 3 special to 1 general vacancies, the candidates bearing serial numbers 5 & 6 in the "A" list have been shifted to regular general vacancies. They have also been confirmed as Veterinary Inspectors. Serial numbers 8, 8 (a) and 9 of the 'A' list have not been confirmed as there is no proportion of 3 special to 1 general.

Subject:- Confirmation of "A" list candidates of Veterinary Inspectors.

Sir,

With reference to your letter No.A.F. 5527 A.H.9-43-4 dated 16th May 1944 on the subject I have the honour to furnish the following details.

1. Two non-Brahmin candidates viz.Messrs. R.Doddananjiah and Syed Mohiyuddin who were deputed for studying in the Madras Veterinary College have come out successful and have been appointed as Veterinary Inspector on probation. Their appointments are made in permanent vacancies and they will be confirmed on their passing the departmental obligatory Accounts Examination.

2. The non-Brahmin candidates who are senior to the candidates in question have not passed the obligatory accounts examination. Details of attempts made by them to pass the examination are not forthcoming.

3. Regarding the general vacancies, I invite kind reference to this office letter of even No.dated 19-10-43 with which a copy of letter No.Est. 129/43-44 dated 28-9-43 received from the Superintendent of Veterinary Services has been sent explaining the position of Veterinary Inspectors belonging to the 'A' list. All the candidates of the "A" list have been appointed in the absence of the availability of candidates from the "B" list, irrespective of classification and the appointments ~~on~~ are subject to classification when Backward community candidates become available. However, there are 26 candidates of the "A" list now working tentatively and on classification of these 26 vacancies, 6 vacancies would be general in proportion of 3 special to 1 general. Further there are seven vacancies in the department which are unfilled for want of Veterinary Inspectors either from the "A" or "B" list.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

From Dr. P.M. Narainswamy Naidu, B.Sc., L.V.P., Sc.D., F.F.A.S., ~~SUBEDAR P.V. MANIKARAJ, C.B.E.~~,
Superintendent of Veterinary Services

To

THE SECRETARY TO THE GOVERNMENT
of H.H. the Maharaja of Mysore,
General Department, Bangalore.

Sir,

I have the honour to enclose herewith copy of a letter of resignation submitted by Mr. R.V.Raman, Temporary Veterinary Inspector, working under the Tuberculosis Survey Scheme in the Research Section of the Mysore Serum Institute at Hebbal and to state that Mr. Raman had put in 3½ years of service in this Department and had also to his credit 8 years of service in the ~~Central Provinces~~ Ajmer-Merwara which he relinquished with a view to serve Mysore State, of which he is a subject. He has now submitted the resignation in order to better his prospects elsewhere, as he feels that the pay and prospects in the State service, are neither encouraging nor secure enough for him to continue his services. I have accepted his resignation in anticipation of Government's approval with effect from 12-3-1946.

Dy No 3872

Subto separately

In this connection, I have to invite your kind reference to my letter No. Est. 100/45-6 dated 27-1-1946 dealing with the resignations of Messrs. K.S.Krishnappa and Sakharama Rao, Veterinary Inspectors, under similar circumstances. There are 33 temporary Veterinary Inspectors who have not been confirmed and not even treated as S.P.T. to enable them to earn their increments. It is only to be expected that under these circumstances the incumbents are feeling nervous about their future security of tenure and I am afraid that others may follow suit the examples of the above Veterinary Inspectors and quit service here, as in view of the postwar development of Animal Husbandry Services all over India, the services of qualified Veterinarians

are in great demand from States and Provinces outside Mysore, which are offering them lucrative pay and prospects.

If such an exigency as apprehended above should arise, I feel, that it will be highly detrimental to the interests of livestock in the State in this important phase of postwar development, especially when the department is already short of 29 Veterinary Inspectors.

I therefore request you to be so good as to obtain approval of the Government for accepting the resignation of Mr. B.V. Raman, Veterinary Inspector, in the circumstances stated above and strongly recommend that in order to encourage atleast the others to continue in State service, the Government may be pleased to order that the present temporary Veterinary Inspectors may be treated as Sub-pro-tem.

DNR

Letter dated 11th March 1940, from Mr. P.V.Raman, Veterinary Inspector, Research Section, to the Superintendent of Veterinary and Animal Husbandry Services in Mysore.

I beg to state that I relinquished my permanent service of 8 years in British Ajmer-Merwara and entered the Mysore State service in order to serve my own country. I have been working under your kind control for the last 3½ years as an acting Veterinary Inspector and the chances of confirmation in my appointment seems to be rather remote, as I am the 32nd person in the list of temporary Veterinary Inspectors. As I feel this detrimental in my own interest and my family in view of the fact that I am aged 33 years, I am anxious to settle in my life with a permanent appointment. Hence I beg to tender this my resignation to the temporary appointment I am holding for the present, in order that I may seek my fortune elsewhere. I request the favour of kind acceptance and early relief.

Sir,

With reference to your letter No.A.F.1019/A.H. dated 10th August 1946, calling for certain information in respect of acting and temporary Veterinary Inspectors in this Department, I have the honour to furnish below the information required by you:-

Question.	Answer.
1. How many permanent and temporary vacancies there are at present in the cadre of Veterinary Inspectors?	Permanent vacancies .. 17 Acting ,, .. 13 Temporary ,, .. 3 33
2. The period for which the temporary vacancies have been sanctioned by Government.	2 for 3 years 1 for 1 year.
3. How many temporary vacancies are filled up by qualified persons from "A" list & "B" list?	N i l.
4. Why these vacancies have been filled up temporarily?	The "A" list candidates are all appointed provisionally pending availability of Backward Community Candidates and hence they are also shown as acting and S.P.T. though some of them have qualified by passing the obligatory Accounts Examination. 2. The 5 Backward Community Candidates could be confirmed, but they have not qualified by passing the departmental obligatory accounts examination and hence they are continued as acting. They may be treated as Sub-pro-tem.
5. How many vacancies have been reserved for the backward - community candidates already in service & for those under training?	5 vacancies for Backward Community Veterinary Inspectors already in service, have been reserved out of 17 permanent vacancies. There are in all 25 students studying in various Veterinary Colleges, of

P.t.o.

of which 21 are Backward Community Candidates. Within 5 years about 9 vacancies due to retirements in the cadre are likely to occur and in view of the various post-war development Schemes it may not be difficult to absorb all these candidates who qualify, granting all the "A" list candidates are treated S.P.T.

6. Whether these vacancies were filled up temporarily for want of qualified Backward Community candidates; or for other reasons; and if the former, information regarding names of such candidates and whether they have since qualified themselves for confirmation by passing the requisite tests may be given.

Yes. List of such candidates is enclosed. Some of the Veterinary Inspectors have passed the requisite Accounts Test as shown in the Statement.

Sir,

Subject :— Treating acting and temporary Veterinary Inspectors as Sub-pro-tem.

In continuation of this office letter of even number Est.100/45-46 dated 3rd September, 1946 on the above subject, I have the honour to invite reference to this office letter No.Est.322/45-46 dated 13-12-45 soliciting sanction of Government for treating the tenure of the "A" Class candidates from the "Veterinary Inspectors" approved list as Sub-pro-tem and to request that early orders of Government may kindly be obtained in the matter, permitting me to sanction increments to such of those temporary Veterinary Inspectors who have already been provided increments in the allocation sanctioned by Government - Vide G.O. No.A.F.6943-4/A.H.72-45-2 dated 26-6-1946 and who have passed the required obligatory Accounts Examination.

I have the honour to be,
Sir,
Your most obedient servant,

P. M. Narainswamy Naidu
SUPERINTENDENT.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read— G.O No A. 2 2417-19 AH 107-44-4 Dy 13.11.45 Sanctioning the revision of the scales of pay of the Veterinary Inspectors

2) Correspondence ending with the G.O note No 51/46 PSC Dy 2.1.47 from the Public Service Commr furnishing his views in the matter of confirmation of the temporary Vet Inspectors

3) Correspondence ending with the G.O note No ER 100/45-46 Dy 7.2.47 from the Sup O VAH Services submitting his proposals regarding the confirmation of ~~the 33 as a P.T.~~ certain temporary Vet Inspectors ~~& treating them as S.P.T~~ so as to enable them to earn their increments.

G.O No 76102-4 Dy 20.4.47

The Sup O VAH Services states that there are 33 temporary Vet Inspectors who have not been confirmed or even made S.P.T.

enable them to earn their increments in their pay and that of these 23 are Brahmins of whom 17 who have passed the obligatory Accounts Examination are qualified for confirmation and the rest have not yet passed the examination, that candidates of backward communities, too, have not passed the Accounts Examination and as such all the 33 Vet. Inspectors have been continuing on a temporary or acting basis for varying periods and have been stagnating on the same pay. It also appears that these acting Inspectors are feeling nervous about their future, that some of them have already resigned their appointments to take up service elsewhere and that others may soon follow, specially as in view of the rapid development of animal husbandry services all over India, there is a keen demand for the services of qualified veterinarians from other States and Provinces which are offering them lucrative pay and prospects, and ~~requests~~ accordingly it is that it is very necessary to do something immediately to encourage these trained temporary Vet. Inspectors to continue in the State service and that in this view all the present

temporary Inspectors may be treated as S.P.T to enable them to get increments in their grade. The P.S.C, who was consulted in the matter, states that the confirmation of Brahmin candidates appointed provisionally in special vacancies for want of Backward Community candidates, while ~~[illegible]~~ non-Brahmin candidates are still awaiting their confirmation is a violation of recruitment rules and that the ~~[illegible]~~ rules may be relaxed to the extent that BC candidates may be treated as S.P.T, giving them time to pass the departmental test ~~and that with~~ He further proposes ~~that as regards~~ the Brahmin candidates, ~~[illegible]~~ ~~to be treated against 4 general vacancies~~ such of the Brahmin qualified officials as have been appointed regularly from the approved (A) list may be treated as S.P.T so that they may earn their increments.

The Supd. VAH Services who was ~~A~~ again consulted ~~in the matter~~ on the points raised by the PSC

is of the opinion that as there is
provision in the existing rules
itself to make S.P.T. arrangements,
there is no necessity to relax
the rules to treat the Backward
Community Candidates as S.P.T.
He recommends that all the
5 Backward Community Candidates
viz. ~~M/S~~ detailed in the margin*
may be confirmed as a special
case in existing vacancies
subject to their earning their
increments in their grade only
after they pass the departmental
test. ~~Which~~ He adds that in connection with the implementing of the first two Development schemes, sanctioned by Govt, it is proposed to post
~~new of having envisaged to post~~
Veterinary Inspectors in charge of the
Hobli Veterinary Dispensaries now
being opened, when Veterinary graduates
are available, in which case
there will be 105 more vacancies
within a course of five years
and that all the B.C. candidates
who are now ~~available~~ undergoing
training in the various Veterinary Colleges
and are likely to be deputed during
the next 5 years will be all absorbed.
In view of this, the Subject proposes
"that in the available 12
permanent vacancies (apart
from the confirmation of 5 Backward
Community Veterinary Inspectors noted above),
such of the "A" class candidates
who have passed the departmental
obligatory examination as whose names are
noted in the margin may be
confirmed. He also adds that the "A" class

Candidates viz Messrs (1) K.V. Murthy and 2) S. Achuta Rao who have passed the Accounts examination and who cannot ~~get~~ immediately be confirmed for want of permanent vacancies ~~for confirmation~~, may be treated as S.P.T so that they may earn their increments.

In the special circumstances explained Govt are pleased to direct that all the non-brahmin temporary Writing ~~Dese~~ peons be confirmed and ~~allowed~~ allowed to draw increments only after they pass the departmental obligatory examination. They ~~are~~ ~~also please~~ further direct that the 12 Brahmin Candidates referred to above, be also confirmed and ~~allowed to~~ carried against future prospective general vacancies.

~~A Class~~ The proposal of the Supd to treat as S.P.T. (the two) "A" Class Candidates viz Messrs (1) K.V. Murthy and 2) S. Achuta Rao who ~~have~~ cannot get permanent vacancies for confirmation, is also approved.
